

Empowering Businesses with Professional IT Solution

“ Looking for an IT technical expert who can handle a wide range of IT solutions for your company?”

Alphamatic Systems Sdn Bhd offers comprehensive, end-to-end IT services tailored to your business needs from infrastructure and cybersecurity to cloud solutions and managed IT support.

Tailored IT Solutions for Every Business

We understand that every business has unique IT requirements. That's why we offers a broad portfolio of professional IT solutions to support your goals, including:

1. Data Infrastructure

Building a solid foundation is crucial for any IT environment that provides:

- Server and Storage Solutions
- Data Protection Services
- Server Virtualization
- Hyper-Converged Infrastructure (HCI)
- Modernize Data Center

These solutions ensure efficient data management, scalability, and enhanced performance.

2. Connectivity

In an era where seamless communication is vital, we deliver:

- Enterprise Network Solutions
- Software-Defined Networking (SDN)
- Software-Defined Wide Area Networks (SD-WAN)
- Structured Cabling Systems
- High-Speed Internet Access (HSIA)

These services ensure reliable and secure connectivity across all organizational levels.

3. Cloud Services

To support businesses in their cloud journey, Alphamatic Systems offers:

- BOSSCloud Services
- Azure Cloud Services
- Microsoft 365

These solutions provide flexibility, scalability, and cost-effectiveness, enabling businesses to adapt swiftly to changing demands.

4. Cybersecurity

Protecting digital assets is paramount. Our cybersecurity offerings include:

- Next-Generation Firewall
- Internet Access Management
- Managed Threat Response
- Endpoint & Server Protection
- Secure Access Service Edge (SASE)

These solutions provide flexibility, scalability, and cost-effectiveness, enabling businesses to adapt swiftly to changing demands.

Why Businesses TRUST Alphamatic Systems?
