

Protect Smarter:

Sophos XDR & MTR

for Complete Endpoint Security

In a world of rapidly evolving cyber threats, traditional antivirus is no longer enough. Your business needs smarter, faster, and more proactive protection.

Sophos Endpoint Protection combines advanced **Extended Detection & Response (XDR)** with optional **Managed Threat Response (MTR)** giving you unmatched visibility, control, and active threat hunting.

1 Extended Detection and Response (XDR):

- Correlates threat data across your IT ecosystem
- Detects unmanaged, IoT, or guest devices
- Helps identify network performance and app issues
- Supports both SOC teams and general IT admins

2 Managed Detection and Response (24/7 Expert Threat Response):

- Proactive threat hunting and real-time investigation
- Direct response to disrupt and contain threats
- Strategic guidance to prevent repeat attacks

Alphamatic Systems is an authorized **Sophos Partner**. We help you deploy and manage Sophos Endpoint Protection with full technical support and expert guidance.

Don't leave your cybersecurity to chance.
