

# Protect Your Business with Enterprise-Grade Ransomware Recovery Service

Ransomware attacks are no longer rare, they are targeted, sophisticated, and financially devastating. For enterprises in Malaysia, having a reliable ransomware recovery service is no longer optional; it's a necessity.

At **Alphamatic Systems Sdn Bhd**, we provide a comprehensive ransomware recovery service as part of our managed IT solutions. Our approach ensures your organization can recover quickly, minimizing downtime and data loss.

## WHY RANSOMWARE RECOVERY SERVICE MATTERS

**Rapid Recovery:**

Businesses cannot afford prolonged downtime. Our service restores critical systems and data efficiently.

**Data Integrity:**

We ensure your data is fully intact and free from residual malware.

**Proactive Protection:**

Beyond recovery, we implement preventive measures to reduce future ransomware risks.

## KEY FEATURES OF ALPHACARE RANSOMWARE RAPID RECOVERY (R<sup>3</sup>)

- **24-Hour On-Call Incident Response Team:**  
Immediate action to contain active ransomware incidents.
- **Certified Cybersecurity Professionals:**  
Experienced specialists leading the recovery and forensic efforts.
- **Structured Containment Plan:**  
Predictable process ensuring consistent results.
- **Integrated Recovery & Forensics Support:**  
Smooth transition from containment to full system recovery and post-incident hardening.
- **Local Presence in Malaysia:**  
On-site support and coordination with your team when it matters most.

Partnering with Alphamatic Systems ensures your enterprise stays resilient against ransomware attacks while maintaining business continuity. Protect your data, reduce operational risk, and recover with confidence.
