CLAIM YOUR FREE DRaaS

More Than Cloud Hosting. It's Managed Cloud Service.

AlphaCare MCS combines cloud infrastructure with proactive managed services, security, backup and disaster recovery. Giving your business a complete, professionally managed cloud platform without the complexity of managing it yourself.

MANAGED CLOUD PLATFORM

Enterprise-grade cloud infrastructure without the complexity of managing the underlying platform.

PROACTIVE MANAGED SERVICES

Continuous monitoring and proactive management to help maintain performance, availability and operational stability.

SECURITY & PROTECTION

Integrated security and protection capabilities designed to help safeguard your critical workloads and data.

BACKUP & DISASTER RECOVERY

Reliable backup and FREE DRaaS to help ensure business continuity and rapid recovery when you need it most.

OPTIMIZED PERFORMANCE

Optimized infrastructure and best practices to deliver consistent performance for your mission-critical workloads.

PREDICTABLE COSTS

Subscription-based model for predictable IT operating costs with no surprise investments.
